PROFESSIONAL SUMMARY

Motivated and detail-oriented B.Tech Computer Science & Engineering (Artificial Intelligence & Machine Learning) student with hands-on experience in Python, Machine Learning, Web Development, and Database Management. Skilled in developing real-world applications using **Flask, HTML, CSS, JavaScript, and SQL**. Completed a one-month Web Development Internship at **InAmigos Foundation** and built projects focused on machine learning and web technologies. Passionate about learning new technologies and solving real-world problems through innovative software solutions.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, HTML5, CSS3, SQL

Frameworks & Libraries: Flask, Scikit-learn, Bootstrap

Database: MySQL

Tools & Platforms: Git, GitHub, VS Code, Power BI

Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, Database Management System, Operating Systems, Machine Learning

EXPERIENCE

Web Development Intern

Duration: 1 Month

InAmigos Foundation

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Improved website user interface and user experience.
- Collaborated with team members during website development.
- Assisted in testing and debugging web applications.

PROJECTS

Car Price Prediction System

Technologies: Python, Flask, HTML, CSS, JavaScript, Scikit-learn

- Developed a machine learning web application to predict used car prices.
- Performed data preprocessing and feature engineering.
- Trained a Random Forest Regression model for price prediction.
- Built an interactive user interface using Flask.
- Displayed prediction results instantly based on user input.

Online Learning Platform

Technologies: HTML, CSS, JavaScript

- Developed a responsive online learning platform.
- Designed attractive and user-friendly web pages.
- Implemented course listing and registration interface.
- Built responsive layouts for desktop and mobile devices.
- Focused on improving user experience through modern UI design.

EDUCATION

Bachelor of Technology (B.Tech)

2024 – 2028

Computer Science & Engineering (Artificial Intelligence & Machine Learning) — Maharana Institute of Professional Studies
CGPA: 8.0

Senior Secondary (Class XII)

CBSE Board

Percentage: 70%

Secondary (Class X)

CBSE Board

Percentage: 64%

CERTIFICATIONS

- NPTEL – The Joy of Computing Using Python (Elite, Score: 85%)
- Full Stack Development Workshop – Softpro India
- Power BI Certification
